

## LEGAL PURPOSE AND JURISDICTION

### Bylaw Change Adopted on Second Reading

---

The Higher Learning Commission (HLC) Board of Trustees (“the Board”) adopted this policy on second reading at its meeting on June 27, 2019.

#### Background

Article II of HLC’s Bylaws indicates that HLC “exists to validate quality in and to stimulate improvement of higher education.” Originally, Article II went on to say that HLC “achieves these purposes through processes of accreditation.” This did not address all aspects of HLC’s work, which includes ongoing programming and training to improve quality (e.g., the annual conference, the Academies, and workshops). In addition, Article III, Section 2 described the jurisdiction of HLC as it relates to “accreditation and candidacy for accreditation.” However, HLC may wish to engage in elective programming and training outside of the region for accreditation. This type of work was potentially excluded from the scope of HLC’s jurisdiction as defined in Article III, Section 2.

In order to more inclusively define the work of HLC, this change updated the Bylaws to (1) address elective programming as a component of HLC’s work and (2) clarify that the jurisdiction of HLC for purposes other than accreditation is not limited to the region listed in Article III, Section 2.

HLC circulated these policy changes to the membership and other interested parties after the Board’s February 2019 meeting. No comments were received.

#### Implementation

This policy is effective immediately.
