

# ASSESSMENT ACADEMY FACT SHEET

Tailored for institutions interested in developing an ongoing commitment to assessing and improving student learning, HLC'S Assessment Academy offers each institution personalized guidance in developing, documenting and implementing a systematic approach to institutional assessment. Institutions are presented with new ideas and techniques for influencing institutional culture, increasing capacity to assess student learning and using assessment data to improve student learning.

## INCLUDED IN THE PROGRAM

- A curriculum that provides theory and evidence-based practices for assessment of teaching and learning.
- Guidance from experienced practitioners trained as Academy mentors and Scholars.
- Dedicated support for project planning and development in program, cocurricular and general education assessment.
- A semiannual schedule of project updates and mentor feedback to maintain and inform progress.
- Opportunities to network and share learning with institutions working toward solutions to similar challenges.

## OUTCOMES

After completing the Academy program, institutions will be able to:

- Present documentation of effective practices in assessing, confirming and improving student learning.
- Engage multiple stakeholders in effective assessment of student learning.
- Develop assessment leaders and mentors within the institution.
- Establish a sustainable institutional commitment to assessing and improving student learning.
