

# Student Success Academy Fact Sheet

The Student Success Academy is designed for institutions seeking to move beyond initiative-based solutions and develop a student success plan that addresses systemic barriers to students achieving their goals. Participating institutions engage in critical introspection to learn more about their student populations and the support mechanisms, infrastructure, and engagement needed to support their success.

## Included in the Program

- A curriculum that provides theory and evidence-based practices.
- A series of data inventories designed to inform institutions' improvement strategies.
- Guidance from experienced practitioners trained as Academy Mentors and Scholars.
- In-person and virtual team retreats for strategy and planning.
- Opportunities to network and share learning with institutions working toward solutions to similar challenges.

## Outcomes

After completing the Academy program, institutions will be able to:

- Establish sustainable structures that demonstrate support for student success.
- Engage multiple stakeholders in supporting student success.
- Demonstrate an integrated approach to student learning and student success.
- Design high-impact practices that reduce equity gaps between student populations.
- Make connections with other institutions to build a community of shared learning.

## Cost Commitment

### Membership Fees

Year 1	Year 2	Year 3 (optional)
\$15,000	\$15,000	\$3,000
