STAFF AUTHORITY
Policy Change Adopted on Second Reading

The Higher Learning Commission (HLC) Board of Trustees (“the Board”) adopted this policy on second reading at its meeting on February 25–26, 2021.

Background

The adopted policy revisions are intended to promote the transparency and integrity of HLC’s processes while clarifying the role of HLC staff. The changes consolidate several policies to create a primary location within HLC’s Policy Book for substantial content relating to staff authority. Specifically, the revisions do the following:

1. Delete in its entirety HLC’s Staff Actions and Recommendations policy.
2. Introduce, per revised federal regulations, the authority of staff to potentially approve the addition of a permanent location at a site at which the institution is conducting a teach-out for students of another institution that has ceased operating before all students have completed their program of study.
3. Clarify the ability of staff to review and approve the participation of teach-out receiving institutions under specific circumstances.
4. Clarify various aspects of the HLC President’s authority that go beyond authority granted to other staff, including acting to assign routine monitoring without first seeking Institutional Actions Council approval immediately following the conclusion of a special monitoring protocol and recommending the imposition of a sanction or issuance of a Show-Cause order directly to the Board based on verified evidence.
5. Clarify the potential for the President’s authority to be temporarily expanded by the Board under extraordinary circumstances consistent with HLC policy and federal regulations.

HLC circulated these policy changes to the membership and other interested parties after the Board’s November meeting. No comments were received.
Implementation

This policy is effective immediately.
